(Each question carries two marks)

As part of their efforts to diversify from their regular range, US based American Girl released its first boy doll recently, named Logan Everett. Just like their female dolls, this one too is an 18-inch doll and plays drums as part of a band. The company explained the reason for their newest release saying that one of the number one requests they received over years was for adding a male doll to their collection. Boy Story, another company, also released two boy action dolls recently, as the co-founder wanted her son to have his own doll to play with. Traditionally doll play has always been associated with girls.
