- 5 Read the following paragraph and answer the questions given below : 10

Many people are seen here with no ideals in life. They are like ships without compasses sailing to no definite ports and blown hither and thither by every change of wind. They live an aimless life and what they become is largely a matter of chance. Such people because they aim at nothing, achieve nothing. To make anything of life, we must have an ideal of some sort. A man striving to realize a definite ideal is like a steamship steaming by the compass to a known definition. It does not depend on the wind and wave. To have an ideal in life it is of utmost importance that the ideal should be the right one.

**Questions :**

- (1) To what does the author compare aimless people ?
- (2) Why do people without ideals achieve nothing ?
- (3) What must we have to make anything of life ?
- (4) To what does the author compare a man without a definite ideal ?
- (5) Give a suitable title to the above passage.
