Pollution is the greatest enemy of mankind today. Human life has become miserable due to all kinds of pollution _____ air pollution, water pollution, food pollution, noise pollution and worst of all mind pollution. One of the major causes of this gigantic problem of pollution is the excessive and indiscriminate industrialization _____ a crime in the modern world. Unplanned industrialization has resulted in rapid urbanization, which has given rise to slums all around. Forests are disappearing fast causing ecological imbalances affecting even rains. Factories pollute air and water by releasing chemicals, gases and dirty water causing air-borne and water borne diseases. In cities vehicles create air and noise pollution. Food pollution is caused by chemical fertilizers, pesticides, preservatives etc. Dishonesty, selfishness and corruption have caused mind pollution which is the worst of all.

Questions :

- (1) What kinds of pollution have made human life miserable ?
- (2) Which is a major cause of pollution according to the author ?
- (3) Why is ecological imbalance caused ?
- (4) How is food pollution caused ?
- (5) Suggest a suitable title for the passage.
