4 Read the following paragraph and answer the questions given below : 10

The purpose of education is to make the student expert in his subject. This must be clearly understood and mere muddling through lessons and lectures and books and passing examinations are relegated to secondary importance as means to the end which is excellence in the field chosen. But there are so many fields and no man can become an expert in all the fields. It is necessary to decide which fields are the important ones that a man should know well.

It is clear that one's own work is the most important. This has been realized and modern civilization has accordingly provided vocational education. It is now possible to acquire high professional skill in various fields, medicine, engineering production, commerce and so on - out with good and bad mixed together and no standard for guidance.

- (1) What is the purpose of education ?
 - (2) What, according to the writer, is the end ?
 - (3) According to the passage, can a man become an expert in all fields ?
 - (4) According to the writer, what is the most important work ?
 - (5) What has the modern civilization provided ?
