

## BCF-003-003507 Seat No. \_\_\_\_\_

## B. C. A. (Sem. V) (CBCS) Examination

**August - 2021** 

## CS - Advanced Java Programming

Faculty Code: 003

Subject Code: 003507

<ol> <li>(A) Objective type questions:         <ol> <li>Write the signature of forName() method.</li> <li>To create object of Statement interface which method is used?</li> <li>What is communication platform between client and component?</li> <li>What is use of lookup() method?</li> </ol> </li> <li>(B) Attempt any one out of two.         <ol> <li>Explain Skeleton with example.</li> <li>Write note on J2ee APIs.</li> </ol> </li> <li>(C) Attempt any one out of two.</li> </ol>	0
<ol> <li>Write the signature of forName() method.</li> <li>To create object of Statement interface which method is used?</li> <li>What is communication platform between client and component?</li> <li>What is use of lookup() method?</li> <li>Attempt any one out of two.</li> <li>Explain Skeleton with example.</li> <li>Write note on J2ee APIs.</li> </ol>	04
<ol> <li>To create object of Statement interface which method is used?</li> <li>What is communication platform between client and component?</li> <li>What is use of lookup() method?</li> <li>Attempt any one out of two.</li> <li>Explain Skeleton with example.</li> <li>Write note on J2ee APIs.</li> </ol>	
<ol> <li>What is communication platform between client and component?</li> <li>What is use of lookup() method?</li> <li>(B) Attempt any one out of two.</li> <li>Explain Skeleton with example.</li> <li>Write note on J2ee APIs.</li> </ol>	
<ol> <li>4. What is use of lookup() method?</li> <li>(B) Attempt any one out of two.</li> <li>1. Explain Skeleton with example.</li> <li>2. Write note on J2ee APIs.</li> </ol>	
<ol> <li>Explain Skeleton with example.</li> <li>Write note on J2ee APIs.</li> </ol>	
2. Write note on J2ee APIs.	02
•	
(C) Attempt any one out of two.	
	03
<ol> <li>Describe Statement v/s PreparedStatement interface.</li> </ol>	
2. Difference between callableStatement v/s PreparedStatement interface.	
(D) Attempt any one out of two.	05
<ol> <li>Describe ConnectionClass with example.</li> </ol>	
2. Explain N tier Architecture.	
2 (A) Objective type questions:	04
1. Full form of HTTP is	
2. What is a servlet?	
3. Is bind() method is used by Server?	
4. What is URL Encoding?	
(B) Attempt any one out of two.	02
1.Explain Enterprise Architecture of J2ee	
2. Write methods with syntax of Servlet interface.	
(C) Attempt any one out of two.	03
1. Explain Session Tracking API.	
2. What is the difference between GET and POST method?	
(D) Attempt any one out of two.	05
1. Write program and create registration.html file which accept name,	
email, city and password. Call Servlet file to insert record in Student table.	
2. Explain Servlet Life Cycle.	

3 (A) Objective type question	ıs:	04
1. What is role of web cont	ainer?	
2. How to set Session Ti	meouts?	
3. Which Methods is use	to get Last Accessed Times?	
<ol><li>Which method is user</li></ol>	for remove Session attributes.	
(B) Attempt any one out of		02
	ace ServletRequestListener.	
2. Explain Session Integr	•	
(C) Attempt any one out of		03
1. Explain HttpSession inter	•	
2. Explain ServietReques	stAttributeListener interface.	
(D) Attempt any one out of	two.	05
	e Filters for pre and post processing of th the all record from the following table	request
Table name :- Employee		
Fieldname	Data Type	
Eid	Varchar2	
Ename	Varchar2	
Salary	Number	
Designation	Varchar2	
Department	Varchar2	
4 (A) Objective type question	ns:	04
1. Full form of JSPE?		
2. Explain <jsp:include></jsp:include>		
3. Explain <jsp :param="">.  4</jsp>	reating printWriterobject?	
(B) Attempt any one out of		02
	page which tag is used with example?	02
2.Describe life cycle of JS		
(C) Attempt any one out of		03
1. Write deference between		
2. Explain Cookie class me		
(D) Attempt any one out of		05
1. Create a jsp file and do t	he connectivity with the MySql Print	
all the records of the EN	AP table in tabular format in web browser.	
2. Explain Page directive with	th Example.	
5 (A) Objective type question	ns:	04
1. Write use of <c:set></c:set>	tag.	
2. Write use of <c:if> ta</c:if>	ng.	
<ol><li>List of JSTL Tags.</li></ol>		
4. Write use of < c: remo	ve> tag.	
(B) Attempt any one out of		02
1. Explain RequestDispa		
2. Explain Cookie Class in S	етиет міш ехапіріе.	
BCF-003-003507 ]	2	[ Contd

Att	empt any one out of two.	03
1.	Write use of <c:foreach> tag with Example.</c:foreach>	
2.	Explain with example EL Operators.	
At	tempt any one out of two.	05
1.	Explain implicit Object using Expression Language	
2.	Explain any three methods of HttpServlet Response interface with Example.	
	1. 2. <b>At</b> : 1.	Attempt any one out of two.  1. Write use of <c:foreach> tag with Example.  2. Explain with example EL Operators.  Attempt any one out of two.  1. Explain implicit Object using Expression Language  2. Explain any three methods of HttpServlet Response interface with Example.</c:foreach>
