

BBD-003-003311 Seat No. _____

B. C. A. (Sem. III) Examination

June / July - 2021

CS-16: Website Development Using PHP (Old Course)

Faculty Code: 003

Subject Code: 003311

Time:	$2\frac{1}{2}$ Hours]	[Total	Marks :	70
1 At	tempt Following Questions :			20
(1)	VPS stands for ?			
(2)	Which function is used to delete varial	ble ?		
(3)	Post Method data display in url (Yes	/ No) ?	•	
(4)	HTTPS stands for ?			
(5)	CMS stands for ?			
(6)	Which is default username in mysql?			
(7)	JSON stands for ?			
(8)	PHP stands for ?			
(9)	FTP stands for ?			
(10) UDF stands for ?			
(11) Which symbol is used to define ID select	or in J	query?	
(12	Print() support multiple argument (Yes	/ No)	?	
(13	s) Ajax stands for ?			
(14	e) Which is the Concatenation Operator i	n PHP	?	
(15	Who is the father of php?			
(16	S) Smarty is a engine for PHP			
(17) method is used to while uplo	ading t	he file.	
(18	Php file extension is			
(19) function is used to execute Se	QL sta	tement.	
(20) Php is a scripting language.			

2 (A)	Attempt any three Questions:		
	(1)	Explain FTP.	
	(2)	Describe HTTP & HTTPS.	
	(3)	Difference between Static webpage V/S Dynami webpage.	.C
	(4)	Explain count_characters variable modifier.	
	(5)	Explain default argument function.	
	(6)	Explain intval() with example.	
(B)	Atte	mpt any three Questions :	9
	(1)	Explain Associated array with example.	
	(2)	Explain Constructor with example.	
	(3)	Explain the Jquery selector.	
	(4)	Explain types of hosting.	
	(5)	Explain Gettype() and Settype().	
	(6)	Write down step of WordPress installation.	
(C)	Atte	mpt any two Questions :	10
	(1)	What is PHP? Explain \$_POSTand \$_GETwite example.	h
	(2)	What is Ajax ? And explain XMLHttpRequstory object with example.	0
	(3)	What is Session ? How to create, print and remove session variable ?	e
	(4)	What is OOP ? Explain class with example.	
	(5)	Explain json_encode() and json_decode() with example.	h
BBD-003-003311] 2		11] 2 [Co	ntd

V/S Server side scripting language. (3) Explain min() and max() with example. (4) Explain Static and Global variable. (5) Explain chr() and ord(). (6) Explain php.ini (B) Attempt any three Questions: (1) Explain fgets() and fgetc(). (2) Explain regular expression. (3) Explain any three Server variable. (4) Explain mysql_connect() and mysql_select_db() (5) What is Smarty? How to loaded variable fraconfig files? (6) Explain isset() and unset(). (C) Attempt any two Questions: (1) Create a form and insert data in Following table Database Name: company Table Name: employee Field Name: e_nm, e_city, e_gender, e_addressed and cookie.	3	(A)	Attempt any three Questions:		
V/S Server side scripting language. (3) Explain min() and max() with example. (4) Explain Static and Global variable. (5) Explain chr() and ord(). (6) Explain php.ini (B) Attempt any three Questions: (1) Explain fgets() and fgetc(). (2) Explain regular expression. (3) Explain any three Server variable. (4) Explain mysql_connect() and mysql_select_db() (5) What is Smarty? How to loaded variable fraconfig files? (6) Explain isset() and unset(). (C) Attempt any two Questions: (1) Create a form and insert data in Following table Database Name: company Table Name: employee Field Name: e_nm, e_city, e_gender, e_addressed and content of the content o			(1)	Explain foreach loop with example.	
 (4) Explain Static and Global variable. (5) Explain chr() and ord(). (6) Explain php.ini (B) Attempt any three Questions: (1) Explain fgets() and fgetc(). (2) Explain regular expression. (3) Explain any three Server variable. (4) Explain mysql_connect() and mysql_select_db((5) What is Smarty? How to loaded variable from config files? (6) Explain isset() and unset(). (C) Attempt any two Questions: (1) Create a form and insert data in Following table Database Name: company Table Name: employee Field Name: e_nm, e_city, e_gender, e_addressional cookie. (2) Explain GD Library with example. (3) Explain cookie. (4) Explain any three variable Modifiers of Smart 			(2)	Difference between Client side scripting language V/S Server side scripting language.	
 (5) Explain chr() and ord(). (6) Explain php.ini (B) Attempt any three Questions: (1) Explain fgets() and fgetc(). (2) Explain regular expression. (3) Explain any three Server variable. (4) Explain mysql_connect() and mysql_select_db((5) What is Smarty? How to loaded variable fraconfig files? (6) Explain isset() and unset(). (C) Attempt any two Questions: (1) Create a form and insert data in Following table Database Name: company Table Name: employee Field Name: e_nm, e_city, e_gender, e_addression (2) Explain GD Library with example. (3) Explain cookie. (4) Explain any three variable Modifiers of Smart 			(3)	Explain min() and max() with example.	
 (6) Explain php.ini (B) Attempt any three Questions: (1) Explain fgets() and fgetc(). (2) Explain regular expression. (3) Explain any three Server variable. (4) Explain mysql_connect() and mysql_select_db((5) What is Smarty? How to loaded variable freconfig files? (6) Explain isset() and unset(). (C) Attempt any two Questions: (1) Create a form and insert data in Following taken because the properties of the p			(4)	Explain Static and Global variable.	
 (B) Attempt any three Questions: (1) Explain fgets() and fgetc(). (2) Explain regular expression. (3) Explain any three Server variable. (4) Explain mysql_connect() and mysql_select_db((5) What is Smarty? How to loaded variable freconfig files? (6) Explain isset() and unset(). (C) Attempt any two Questions: (1) Create a form and insert data in Following table Database Name: company Table Name: employee Field Name: e_nm, e_city, e_gender, e_addression (2) Explain GD Library with example. (3) Explain cookie. (4) Explain any three variable Modifiers of Smart 			(5)	Explain chr() and ord().	
 (1) Explain fgets() and fgetc(). (2) Explain regular expression. (3) Explain any three Server variable. (4) Explain mysql_connect() and mysql_select_db(). (5) What is Smarty? How to loaded variable from config files? (6) Explain isset() and unset(). (C) Attempt any two Questions: (1) Create a form and insert data in Following table Database Name: company Table Name: employee Field Name: e_nm, e_city, e_gender, e_addression. (2) Explain GD Library with example. (3) Explain cookie. (4) Explain any three variable Modifiers of Smart 			(6)	Explain php.ini	
 (2) Explain regular expression. (3) Explain any three Server variable. (4) Explain mysql_connect() and mysql_select_db((5) What is Smarty? How to loaded variable fraconfig files? (6) Explain isset() and unset(). (C) Attempt any two Questions: (1) Create a form and insert data in Following take Database Name: company Table Name: employee Field Name: e_nm, e_city, e_gender, e_addression (2) Explain GD Library with example. (3) Explain cookie. (4) Explain any three variable Modifiers of Smart 		(B)	Atte	empt any three Questions :	9
 (3) Explain any three Server variable. (4) Explain mysql_connect() and mysql_select_db((5) What is Smarty? How to loaded variable from config files? (6) Explain isset() and unset(). (C) Attempt any two Questions: (1) Create a form and insert data in Following take Database Name: company Table Name: employee Field Name: e_nm, e_city, e_gender, e_address (2) Explain GD Library with example. (3) Explain cookie. (4) Explain any three variable Modifiers of Smart 			(1)	Explain fgets() and fgetc().	
 (4) Explain mysql_connect() and mysql_select_db() (5) What is Smarty? How to loaded variable from config files? (6) Explain isset() and unset(). (C) Attempt any two Questions: (1) Create a form and insert data in Following table Database Name: company Table Name: employee Field Name: e_nm, e_city, e_gender, e_addresselect_db() (2) Explain GD Library with example. (3) Explain cookie. (4) Explain any three variable Modifiers of Smart 			(2)	Explain regular expression.	
 (5) What is Smarty? How to loaded variable from config files? (6) Explain isset() and unset(). (C) Attempt any two Questions: (1) Create a form and insert data in Following take Database Name: company Table Name: employee Field Name: e_nm, e_city, e_gender, e_address (2) Explain GD Library with example. (3) Explain cookie. (4) Explain any three variable Modifiers of Smart 			(3)	Explain any three Server variable.	
config files? (6) Explain isset() and unset(). (C) Attempt any two Questions: (1) Create a form and insert data in Following take Database Name: company Table Name: employee Field Name: e_nm, e_city, e_gender, e_addressed in Following take Database in Followi			(4)	Explain mysql_connect() and mysql_select_db().	
 (C) Attempt any two Questions: (1) Create a form and insert data in Following take Database Name: company Table Name: employee Field Name: e_nm, e_city, e_gender, e_address (2) Explain GD Library with example. (3) Explain cookie. (4) Explain any three variable Modifiers of Smart 			(5)	What is Smarty? How to loaded variable from config files?	
 (1) Create a form and insert data in Following take Database Name: company Table Name: employee Field Name: e_nm, e_city, e_gender, e_address (2) Explain GD Library with example. (3) Explain cookie. (4) Explain any three variable Modifiers of Smart 			(6)	Explain isset() and unset().	
Database Name: company Table Name: employee Field Name: e_nm, e_city, e_gender, e_addre (2) Explain GD Library with example. (3) Explain cookie. (4) Explain any three variable Modifiers of Smar		(C)	Atte	empt any two Questions:	10
Table Name: employee Field Name: e_nm, e_city, e_gender, e_addre (2) Explain GD Library with example. (3) Explain cookie. (4) Explain any three variable Modifiers of Smar			(1)	Create a form and insert data in Following table.	
Field Name: e_nm, e_city, e_gender, e_addre (2) Explain GD Library with example. (3) Explain cookie. (4) Explain any three variable Modifiers of Smar				Database Name : company	
(2) Explain GD Library with example.(3) Explain cookie.(4) Explain any three variable Modifiers of Smar				Table Name : employee	
(3) Explain cookie.(4) Explain any three variable Modifiers of Smar				Field Name : e_nm, e _city, e_gender, e _address	
(4) Explain any three variable Modifiers of Smar			(2)	Explain GD Library with example.	
			(3)	Explain cookie.	
(5) Explain variable length argument function.			(4)	Explain any three variable Modifiers of Smarty.	
			(5)	Explain variable length argument function.
