The great advantage of early rising is the good start it gives us in our day's work. The early riser does a good deal of work before other people get out of bed. The mind is fresh in the morning so he can do his work well. The early riser finds time to take exercise in the fresh morning air. He gets plenty of time to do his work without hurrying. He has time enough to take rest in the evening. He goes to bed early and gets sleep for several hours. He gets sound, refreshing sleep. After a sound night's rest, he rise early next morning in good health and spirits for the labours of a new day.

Any one who lies in bed late, has to work till late hour to complete his daily work. He finds no time to take exercise or to take rest. He has to burn midnight oil, and this tells upon his health.

Questions :
