4 Translate the following paragraph in Gujarati : 10

Ours is an age of science and technology. science has become inseparable from our life. It has brought about many social, economic and psychological changes in our life. The emergence of science is a new awakening for mankind. In the initial stages of its advancement, science seemed to offer tall promises. It has opened new avenues of knowledge and brought man on the threshold of many unknown lands. Science instilled in him confidence, courage and power.
